

HARVARD PILGRIM'S

Hospital Prefer Tiered Hospitals

2018 – 2019

Harvard Pilgrim Hospital Prefer is a hospital tiered provider network. It consists of three tiers for participating hospitals. Using national quality benchmarks, as well as plan medical expense information, we placed participating hospitals in Tier 1, Tier 2 or Tier 3. You select which hospitals you go to for care and you can control how much you pay out-of-pocket. You pay less when you choose care at lower-tiered hospitals.

The hospitals you typically go to depend upon the admitting privileges of the physicians you see. If you have established relationships with certain doctors, you will want to know the hospitals where they admit patients. This will help you plan accordingly for medical costs. Some providers have admitting privileges at more than one hospital, so it's important to know in advance where your doctor will send you if needed.

To learn if your doctors and other clinicians are in the Harvard Pilgrim network, and the hospitals to which they admit patients, please refer to Harvard Pilgrim's Hospital Prefer provider directory. You can find the most up-to-date Hospital Prefer provider directory online at harvardpilgrim.org or you can request one to be mailed to you at no charge by calling us at (800) 848-9995. If you're already a Harvard Pilgrim member, call (888) 333-4742.

¹This plan includes a tiered network called "Hospital Prefer." In this plan, members pay different levels of cost sharing depending on the tier of the hospital delivering a covered service or medical supply. A hospital's benefit tier may change annually on January 1. Please consult the Harvard Pilgrim Hospital Prefer provider directory or visit the provider search tool at harvardpilgrim.org to determine a provider's tier in the Hospital Prefer network. You also may call Harvard Pilgrim to request a paper copy of the provider directory be mailed to you at no charge.

Important reminders about hospital care

Hospital services may include:

- lab work
- radiology (e.g., X-rays, MRIs and CT scans)
- tests (e.g., ultrasounds and stress tests)
- outpatient procedures or day surgery
- inpatient or overnight stays, including surgery

Sometimes hospitals have affiliated facilities that are in a different location and separate from the hospital campus. If these facilities are owned

by a hospital or their services are billed through a hospital, these services will take the tier of the affiliated hospital.

Information in the Hospital Prefer provider directory is subject to change. A hospital's benefit tier may change annually or on January 1. Please visit the provider search tool at [harvardpilgrim.org](https://www.harvardpilgrim.org) for the most current hospital information and to learn more about participating providers.
