**Maine's Choice
PlusSM HMO**

A guide to your medical coverage

How it works: Maine's Choice PlusSM HMO

This plan gives you flexibility and an opportunity to save money, with two networks of providers and hospitals.*

Features

-  **Primary care provider (PCP) required**
-  **Referrals needed for most specialists**
-  **In-network coverage only**
-  **Save money when you receive care from Preferred Network providers**

Choose a PCP from either network.

Pay lower cost sharing when you receive care from Preferred Network PCPs, and higher cost sharing when you receive care from Standard Network PCPs.

Some services are always in the Preferred network.

Behavioral health, emergency care, pharmacy, acupuncture and chiropractic services.

Some services are on us.

Copayments for the first non-routine PCP visit, first behavioral health therapy visit each year, and certain preventive services and tests.

Cost sharing depends on the service and provider's network.

A primary care provider is key to good health

A PCP is the doctor, nurse practitioner or other qualified medical professional you see for annual check-ups and for treatment when you're sick or injured.

Because this plan requires you to have a PCP, we will assign one to you automatically if we don't have one on file for you or if you don't let us know who it is when you enroll.

You and each of your dependents can choose different PCPs.

Your PCP's role

- Provides preventive and routine medical care
- Refers you to participating medical specialists, when needed
- Knows your health history and educates you about healthy lifestyle choices

Two ways to find a PCP:

Getting care with the Maine's Choice PlusSM HMO plan

With this plan, you must receive care from medical professionals and hospitals that participate in Harvard Pilgrim's provider network, except in a medical emergency. Otherwise, you will be responsible for paying all charges.

Routine and preventive care*

There's no extra charge for routine annual exams with your PCP and many preventive tests and services. Other tests and services your PCP orders may require cost sharing.

Specialty care

You will need your PCP's referral before your plan will cover most kinds of specialty care (e.g., dermatology, physical therapy, etc.). Certain types of visits (e.g., routine eye exams and OB-GYN care) do not require referrals.

Behavioral health care**

Your plan covers in-person visits with thousands of participating licensed clinicians; you do not need a referral. Virtual visits via smartphone, tablet or computer are also available.

Hospital care

Prior authorization is required for any tests, surgery or treatment you receive at a participating hospital, except in a medical emergency. Your PCP or specialist will work directly with Harvard Pilgrim to obtain prior authorization for your treatment.

Care when you're traveling

Your plan covers emergency care if you get sick or injured anywhere in the world.

Acupuncture and chiropractic treatments

Acupuncture and chiropractic benefits are included without referrals on most plans.

Urgent and emergency care

If you have a non-life-threatening illness or injury and your doctor's office is closed, you have a variety of options for getting care. Of course, if you think you're having a medical emergency, go to the emergency room or call 911.
