

# Welcome to Harvard Pilgrim. Let's find your doctor.

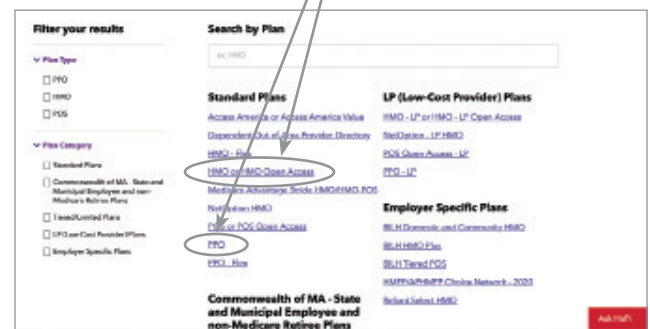

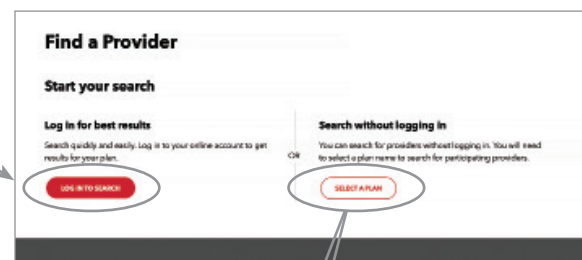

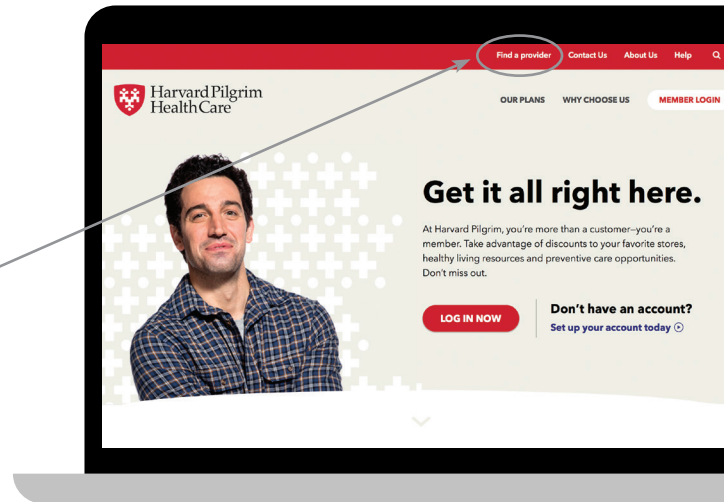

Use "Find a provider" online, which we update weekly, to find participating doctors, hospitals and other clinicians.

## To find Harvard Pilgrim participating providers:

- 1 Visit [www.harvardpilgrim.org](http://www.harvardpilgrim.org).
- 2 Click "Find a Provider."
- 3 If you have created a Harvard Pilgrim member account, click "Login to search." After logging in, you will be taken to your plan's directory.

Or, click "Select a plan" then choose either "HMO or HMO Open Access" or "PPO." Your ID card or plan documents will indicate which type of plan you have.

Within each plan directory, you can search by provider type (primary care providers, specialists, behavioral health providers, hospitals and other care providers) or by specialty.
