

# Preventive Drug Benefit for HSA Plans

Effective January 1, 2026

## Premium formulary

Your coverage includes a preventive drug benefit. This means that preventive drugs (medications to help prevent chronic conditions and illnesses) are covered outside of your plan's deductible. Instead, you will pay the applicable copayment or coinsurance amount.

Over-the-counter products are not included in this benefit.

This is a list of the most commonly prescribed preventive drugs. Limitations and restrictions may apply. Brand-name drugs have a capital letter; all others are generic drugs.

| Anticoagulants & platelet aggregation inhibitors for STROKE PREVENTION | Antineoplastics for BREAST CANCER      | glipizide                  | Lyumjev                  |
|------------------------------------------------------------------------|----------------------------------------|----------------------------|--------------------------|
|                                                                        | anastrozole                            | glipizide extended-release | metformin                |
| anagrelide                                                             | exemestane                             | glipizide/metformin        | metformin ER             |
| Brilinta                                                               | letrozole                              | glucagon                   | metyrosine               |
| cilostazol                                                             | Soltamox                               | glyburide                  | miglitol                 |
| clopidogrel                                                            | tamoxifen                              | glyburide/metformin        | nateglinide              |
| Coumadin                                                               | toremifene                             | Glyxambi                   | Ozempic                  |
| dipyridamole                                                           | Blood glucose regulators for DIABETES* | Gvoke                      | pioglitazone             |
| Eliquis                                                                |                                        | Humalog                    | pioglitazone/glimepiride |
| enoxaparin                                                             | acarbose                               | Humalog Mix                | pioglitazone/metformin   |
| fondaparinux                                                           | Baqsimi                                | Humulin                    | repaglinide              |
| Fragmin                                                                | Bydureon                               | Janumet                    | Rybelsus                 |
| heparin                                                                | Byetta                                 | Janumet XR                 | Symlin                   |
| Jantoven                                                               | Cycloset                               | Januvia                    | Symlin Pen               |
| prasugrel                                                              | diazoxide suspension                   | Jardiance                  | Synjardy                 |
| Savaysa                                                                | Farxiga                                | Jentadueto                 | Synjardy XR              |
| warfarin                                                               | glimepiride                            | Lantus                     | tolbutamide              |
| Xarelto                                                                |                                        | Lantus Solostar            | Toujeo Solostar          |

\* Note: Diabetic supplies (i.e., blood glucose meters, test strips, lancets, syringes) are covered under Preventive Drug Benefit with prescription.

This Preventive Drug List is not all-inclusive and is subject to change to comply with IRS guidance and as formulary updates are made.

For the current Harvard Pilgrim Health Care formulary please see [harvardpilgrim.org/rx](https://www.harvardpilgrim.org/rx). Flyer Last Updated July 2, 2025; Effective January 1, 2026.
