

How to Find Atrius Health Providers

As an Atrius Health employee, in 2019 you have the option to enroll in either the **Atrius Health Preferred HMO** plan or the **Atrius Health Choice POS** plan. With either plan, you pay less when you receive care from Atrius Health Ecosystem providers.

When you enroll in the Atrius Health Preferred HMO plan:

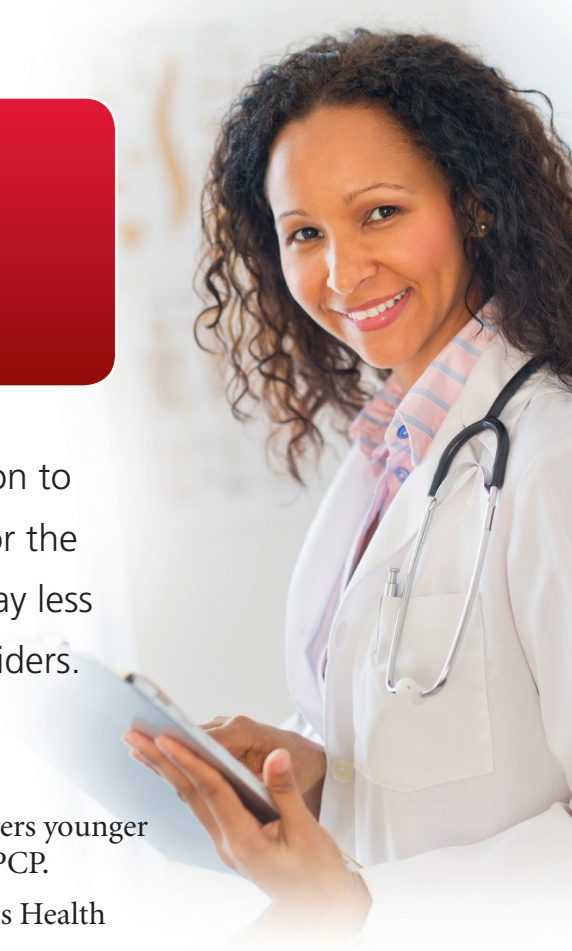

- Adult members must elect an Atrius Health PCP*, and child members younger than 19 must elect an Atrius Health or Children's Hospital Boston PCP.
- You will need to be sure your providers are covered under the Atrius Health Ecosystem network.
- **An important item to know when you elect this plan** — when care is received outside the Atrius Health Ecosystem network, the plan will not pay toward the cost of the care, unless the care was received for emergency reasons or when covered family members are registered as out-of-area dependents.

When you enroll in the Atrius Health Choice POS plan:

- You may select an Atrius Health PCP* or any PCP in Harvard Pilgrim's network.
- You are covered to receive care from any provider in Harvard Pilgrim's network.
- You will save in out-of-pocket costs when you select an Atrius Health PCP and receive care from Atrius Health Ecosystem providers.

Please refer to your open enrollment materials for more information about the provider network coverage for each plan.

*Many Atrius Health employees receive their clinical care at an Atrius Health site, and Atrius Health supports and encourages employees to do so. Atrius Health also supports respecting the Patient-Clinician relationship and ensuring, to the extent possible, that potential conflicts of interest or privacy concerns for the Employee-Patient and/or the treating Clinicians are not inadvertently created. Therefore, Atrius Health has guidelines in place that provide guidance on what is considered appropriate interactions between an employee who is also an Atrius Health patient and their Atrius Health provider. For further information about these guidelines, please refer to the Atrius Health Employee as a Patient Policy, which can be found in Atrius Health's SharePlace.
