

Get Confidential Therapy Your Way

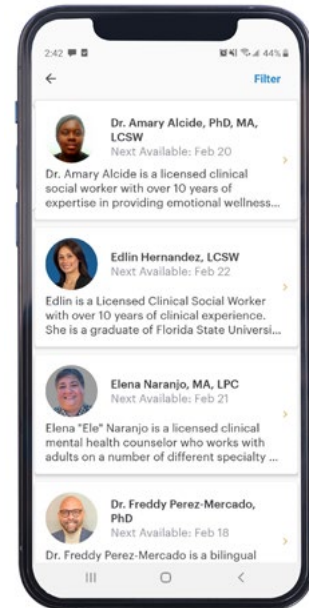

Talk to a Doctor On Demand Provider
and Establish an Ongoing Relationship

From talk therapy to medication¹ management, Doctor On Demand licensed providers are here to support you and your dependants by video or phone visits, with concerns such as anxiety, depression, seasonal affective disorder, or PTSD. Appointments are confirmed in less than 72 hours.

How to request a visit

1. Download the Doctor On Demand app from the **App Store** or **Google Play** and **set up your account**
2. Request a visit and answer a few questions
3. Select the provider of your choice and the appointment that works best for you

"I was able to get a prescription at my local pharmacy and a dr's note stating my return to work date for my employer. Best part, my insurance covered it!" — Lois

When you or your dependents need non-emergency care, talk to a doctor 24/7 and save time and money. You can even receive your prescription at your local pharmacy when medically necessary.

¹dr+ on demand doctors are unable to write prescriptions for controlled substances such as benzodiazepines (e.g. Xanax, Ambien) and stimulants (e.g. Adderall, Ritalin). Please see a doctor in person if you require medication classified as a controlled substance
