

# Schedule of Benefits

Harvard Pilgrim Health Care, Inc.

The Harvard Pilgrim Primary Choice Plan  
MASSACHUSETTS

**Please Note:** This Plan includes a tiered Provider network. In this plan, Members pay different levels of Member Cost Sharing depending on the tier of the Provider delivering a Covered Benefit. The Primary Choice Provider Directory includes provider tiering information and is available online at [www.harvardpilgrim.org/GIC](http://www.harvardpilgrim.org/GIC) or by calling Member Services at **1-888-333-4742**. For TTY service, please call **711**.

This Schedule of Benefits states any Benefit Limits and Member Cost Sharing amounts that you must pay for Covered Benefits. However, it is only a summary of your Covered Benefits. Please see your Benefit Handbook for details. Your Member Cost Sharing may include a Deductible, Coinsurance, and Copayments. Different Copayments apply depending on the type of Provider or the type of service. Please see the tables below for details.

You will find words in this Schedule of Benefits that have special meanings. When we use one of those words, we start it with a capital letter. Capitalized terms that are not defined in this Schedule of Benefits are defined in the Glossary in your Benefit Handbook.

In a **Medical Emergency** you should go to the nearest emergency facility or call 911 or other local emergency access number. A Referral from your Primary Choice PCP is not needed. Your emergency room Member Cost Sharing is listed in the tables below.

## Clinical Review Criteria

We use clinical review criteria to evaluate whether certain services or procedures are Medically Necessary for a Member's care. Members or their practitioners may obtain a copy of our clinical review criteria on our website at [www.harvardpilgrim.org/GIC](http://www.harvardpilgrim.org/GIC) or by calling **1-888-888-4742**.

## Tiered Providers

Most hospitals and physicians covered by the Plan are placed into one of two benefit levels or "tiers." Member Cost Sharing for these Providers depends upon the tier in which a Provider is placed. Tier 1 is the lower cost tier and Tier 2 is the higher cost tier. Only acute care hospitals, Primary Care Providers (PCPs) and medical specialists are assigned to one of two tiers. In some cases, a Provider may practice at more than one location and may have a different tier assigned to each location. Different out-of-pocket costs may apply to the same Provider based upon where you are treated by that Provider.

Certain Primary Choice Providers in specialties such as cardiology, gastroenterology and obstetrics/gynecology may also be Providers in internal medicine, pediatrics or other primary care specialties. When these Providers bill us for their services as PCPs, the applicable tiered PCP Copayment will apply. When these Providers bill us for their services as specialists, the applicable tiered specialty Copayment will apply.

Some Providers work from offices that are operated by a hospital. When services are rendered and billed from such an office or hospital outpatient department, a Tier 2 Specialist Copayment will be applied. However, please contact Member Services if you received care from a physician who specializes in internal, adolescent or geriatric medicine; family and general practice; pediatrics; or a midwife, nurse practitioner or a physician assistant in such an office to determine if you are subject to the PCP Copayment and which Tiered PCP Copayment will apply.

## THE HARVARD PILGRIM PRIMARY CHOICE PLAN - MASSACHUSETTS

You can lower your out-of-pocket cost by selecting the physicians and hospitals in the lower cost tier. The tables below list the Member Cost Sharing for each type of tiered service. The Primary Choice Provider Directory lists all Plan Providers and their tier. You can access the Primary Choice Provider Directory at [www.harvardpilgrim.org/GIC](http://www.harvardpilgrim.org/GIC). You may also obtain a paper copy of the directory, free of charge, by calling HPHC's Member Services Department at 1-888-333-4742.

**Please Note:** When you choose a PCP, it is important to consider the tier of the hospital that your PCP uses. For example, a Tier 1 PCP may admit patients to a Tier 2 Hospital. If your Tier 1 PCP were to refer you to a Tier 2 hospital, you would pay the lower out-of-pocket costs for physician services but the higher out-of-pocket costs for hospital care.

### Non-Tiered Benefits

For certain Covered Benefits Member Cost Sharing is not tiered. Your Member Cost Sharing for these Covered Benefits is listed in the tables below.

#### IMPORTANT POINTS TO REMEMBER

Under a Tiered Network Plan, your out-of-pocket costs will vary depending on whom you see and where you go for care. Please review and consider the following when seeking care under your Primary Choice Plan:

- You can lower your out-of-pocket cost by selecting the Providers and hospitals in the lower cost tier.
- When you choose a PCP, it is important to consider the tier of the hospital that your PCP uses. For example, a Tier 1 PCP may admit patients to a Tier 2 Hospital.
- A Provider may practice at more than one location and may have a different tier assigned to each location. Different out-of-pocket costs may apply to the same Provider based upon where you are treated by that Provider.
- Some Primary Choice Providers have multiple offices and may be a Primary Choice Provider at one location, and not at another. You must check with HPHC to make sure the services you seek are covered under your Primary Choice Plan for that specific Provider at that specific location.
- Some Primary Choice Providers may be affiliated with hospitals that do not participate in the Primary Choice network. If a Primary Choice Provider refers you to a hospital that is not in the Primary Choice network, coverage will not be provided under your Primary Choice plan.
