Worldwide emergency care

Medicare Enhance:

› Improves upon your Medicare benefits

Medicare pays primary for most services. So when you receive care, providers will typically bill Medicare directly. Then Medicare Enhance will cover any unmet Medicare deductible and coinsurance amounts, less any applicable member cost-sharing.

› Has you covered for emergencies worldwide

You'll have peace of mind knowing that Medicare Enhance has you covered for emergency care — anywhere in the world. Emergency room visits are subject to a copayment, which is waived if you're admitted to the hospital.

› Gives you exclusive discounts & savings

As an HPHC member, you also get our exclusive Discounts & Savings program. Though not insurance, it can help save you money on health-related products and services such as eyewear, hearing aids, dental care and more. You can also receive a Fitness Reimbursement Benefit per calendar year.

› Is easy to use

After you enroll, you'll receive your HPHC Medicare Enhance member identification (ID) card. Simply show both your HPHC and Medicare ID cards whenever you visit the doctor or hospital.
