Harvard Pilgrim Medicare Enhance

Doctor's office visits are typically covered with just a simple copayment.

You can live anywhere in the United States, and you must be enrolled in Medicare Parts A and B.

You can visit any doctor or other provider that accepts Medicare.

You'll have coverage for emergency care anywhere in the world.

You'll enjoy savings on products and programs to help you live a healthier life.

Eligibility

No matter where you live in the United States, you are eligible for Medicare Enhance if you are enrolled in Medicare Parts A and B.

Receiving care

You can receive care from any doctor, hospital or other health care provider that accepts Medicare. You're not locked into a provider network, and you don't have to choose a primary care provider. This means you're free to visit specialists for covered services without referrals.

After you enroll, you will receive a member identification (ID) card. **It will be important for you to show both your HPHC and Medicare ID cards whenever you visit the doctor or hospital.**

Paying for services

Most providers will charge you a fixed copayment at the time of service for office visits and emergency room visits, and then bill Medicare directly for the balance of the claim. Some providers may bill you directly for the services after receiving Medicare's payment, and you will need to submit a claim to HPHC.

When you become a member, refer to your Benefit Handbook for more information about provider billing and submitting claims to HPHC. But if you need help or have questions, you can always call our Member Services department.
