

Hub and Spoke Scope of Services

Our Hub and Spoke model provides extended rapid access for patients 18+ to High Point's treatment options & community providers. Through this model, patients are able to stabilize under our care, return to their health care provider, and receive ongoing recovery support.

Take the first step toward recovery

1 Referral is Made

2 Pre-Admission

Understanding **Hub and Spoke Scope of Services**

1. Referral source contacts Hub via phone 508-287-8636 or email hubandspoke@hptc.org to request H&S services.
2. Pre-admission screening & intake scheduled with Nurse Case Manager.
3. Recovery Support Navigator will provide case management to assist patients with identifying and addressing any barriers to treatment and connect to any additional services.
4. Needs assessment, screenings, and consents are completed.
5. Nurse Case Manager may request an expedited bridge script if immediate access to provider is unavailable.
6. Clinical and Provider appointments are scheduled to complete intake process and create treatment plan.
7. Nurse Case Manager will assist in the Medication for Opioid Use Disorder induction process to make certain that patient receives appropriate dosage to ensure stabilization.
8. Patient works with treatment team to meet individualized treatment milestones and goals necessary to achieve stabilization.
