PHARMACY - PRESCRIPTION DRUG BENEFITS

Monthly Premium	Please contact your former employer/union/trust for more information on your plan premium.
Pharmacy Network	P1
Your Medicare Part D plan uses the network above. To find a network pharmacy, you can visit our website (http://www.aetnaretireeplans.com .)	
Formulary (Drug List)	Comprehensive Plus

Beginning 1/1/25, the Centers for Medicare Services (CMS) made the following changes to the standard Part D plan design:

- Reduction to three phases - Deductible, Initial Coverage, and Catastrophic
- Elimination of the Initial Coverage Limit and the Coverage Gap Phase
- Introduction of a \$2,000 annual out-of-pocket threshold
- Replacement of the Coverage Gap Discount Program with the Manufacturer Discount Program which will provide a 10% manufacturer discount for brand drugs in the Initial Coverage phase and 20% manufacturer discount for brand drugs in the Catastrophic phase

See below for your specific benefits and cost sharing.

Calendar-Year Deductible for Prescription Drugs \$0

Prescription drug calendar year deductible must be satisfied before any Medicare Prescription Drug benefits are paid. Covered Medicare Prescription Drug expenses will accumulate toward the pharmacy deductible. The deductible does not apply to covered insulins and most Part D vaccines.

Initial Coverage Phase - The table below represents cost sharing after the deductible, if applicable, has been reached.

3 Tier Plan	30-day Supply through Retail		90-day Supply through Retail or Mail		
	Preferred	Standard	Preferred Retail	Preferred Mail	Standard Retail or Mail
Tier 1 - Generic Generic Drugs	\$9	\$10	\$18	\$18	\$20
Tier 2 - Preferred Brand Preferred Brand Drugs	\$30	\$30	\$60	\$60	\$60
Tier 3 - Non-Preferred Brand Non-Preferred Brand Drugs	\$50	\$50	\$100	\$100	\$100

If you reside in a long-term care facility, your cost share is the same as a 30 day supply at a retail pharmacy and you may receive up to a 31 day supply.

You won't pay more than \$35 for a one-month supply or \$105 for up to a three-month supply of each covered insulin product regardless of the cost-sharing tier.

Catastrophic Coverage:

You pay \$0 for covered Part D prescription drugs.

Catastrophic Coverage benefits start once the CMS-determined annual out-of-pocket threshold of \$2,000 for covered Part D prescription drugs is reached.

Requirements:

Precertification

Non-Part D Supplemental Benefit

- Agents when used for the treatment of sexual or erectile dysfunction (ED)

For more information about Aetna plans, go to www.aetna.com or call Member Services toll-free at 1-800-594-9390 (TTY: 711). Hours are 8 a.m. to 9 p.m. EST, Monday through Friday.

Pharmacy Disclaimers

Aetna's retiree pharmacy coverage is an enhanced Part D Employer Group Waiver Plan that is offered as a single integrated product. The enhanced Part D plan consists of two components: basic Medicare Part D benefits and supplemental benefits. Basic Medicare Part D benefits are offered by Aetna based on our contract with CMS. We receive monthly payments from CMS to pay for basic Part D benefits. Supplemental benefits are non-Medicare benefits that provide enhanced coverage beyond basic Part D. Supplemental benefits are paid for by plan sponsors or members and may include benefits for non-Part D drugs. Aetna reports claim information to CMS according to the source of applicable payment (Medicare Part D, plan sponsor or member).

Aetna Medicare Rx offered by SilverScript's pharmacy network includes limited lower-cost, preferred pharmacies in Suburban Arizona, Suburban Illinois, Urban Kansas, Rural Michigan, Urban Michigan, Urban Missouri, Urban Pennsylvania, Suburban Utah, Suburban West Virginia, Suburban Wyoming. The lower costs advertised in our plan materials for these pharmacies may not be available at the pharmacy you use. For up-to-date information about our network pharmacies, including whether there are any lower-cost preferred pharmacies in your area, please call 1-855-222-6857 (TTY: 711) or consult the online pharmacy directory at <http://www.aetnaretireeplans.com>.

The formulary and/or pharmacy network may change at any time. You will receive notice when necessary.

You must use network pharmacies to receive plan benefits except in limited, non-routine circumstances as defined in the EOC. In these situations, you are limited to a 30 day supply.

Pharmacy clinical programs such as precertification, step therapy and quantity limits may apply to your prescription drug coverage.

Members who get "extra help" don't need to fill prescriptions at preferred network pharmacies to get Low Income Subsidy (LIS) copays.

Specialty pharmacies fill high-cost specialty drugs that require special handling. Although specialty pharmacies may deliver covered medicines through the mail, they are not considered "mail-order pharmacies." Therefore, most specialty drugs are not available at the mail-order cost share.

The typical number of business days after the mail order pharmacy receives an order to receive your shipment is up to 10 days. Enrollees have the option to sign up for automated mail order delivery. If your mail order drugs do not arrive within the estimated time frame, please contact us toll-free at 1-855-222-6857, 24 hours a day, 7 days a week. TTY users call 711.

There are three general rules about drugs that Medicare drug plans will not cover under Part D. This plan cannot:

- Cover a drug that would be covered under Medicare Part A or Part B.
- Cover a drug purchased outside the United States and its territories.
- Generally cover drugs prescribed for “off label” use, (any use of the drug other than indicated on a drug's label as approved by the Food and Drug Administration) unless supported by criteria included in certain reference books like the American Hospital Formulary Service Drug Information, the DRUGDEX Information System and the USPDI or its successor.

Additionally, by law, the following categories of drugs are not normally covered by a Medicare prescription drug plan unless we offer enhanced drug coverage for which additional premium may be charged. These drugs are not considered Part D drugs and may be referred to as “exclusions” or “non-Part D drugs”. These drugs include:

- Drugs used for the treatment of weight loss, weight gain or anorexia
- Drugs used for cosmetic purposes or to promote hair growth
- Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations
- Outpatient drugs that the manufacturer seeks to require that associated tests or monitoring services be purchased exclusively from the manufacturer as a condition of sale
- Drugs used to promote fertility
- Drugs used to relieve the symptoms of cough and colds
- Non-prescription drugs, also called over-the-counter (OTC) drugs
- Drugs when used for the treatment of sexual or erectile dysfunction

Your plan includes supplemental coverage for some drugs not typically covered by a Medicare Part D plan. Refer to the "Non-Part D Supplemental Benefit" section in the chart above. Non-Part D drugs covered under the enhanced drug benefit can be purchased at the appropriate plan copay. Copayments and other costs for these prescription drugs will not apply toward the deductible, initial coverage limit or true out-of-pocket threshold. Some drugs may require prior authorization before they are covered under the plan.

Plan Disclaimers

Aetna Medicare Rx offered by SilverScript is a group standalone Medicare Prescription Drug Plan (PDP). This Plan is offered by SilverScript Insurance Company, which has a Medicare contract. SilverScript Insurance Company and Aetna are affiliated companies. Enrollment in the Plan depends on Medicare contract renewal.

See Evidence of Coverage for a complete description of plan benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by service area.

The formulary and/or pharmacy network may change at any time. You will receive notice when necessary.
