Medical Coverage & Cost-Sharing Guide

Focus HMO

With this plan, you must receive care from medical professionals and hospitals that participate in the Focus HMO provider network, except in a medical emergency. Otherwise, you will be responsible for paying all charges.

- **Primary care provider (PCP) required**
- **Referrals needed for most specialists**
- **Care limited to providers and hospitals participating in the Focus Network-MA HMO network**

A PCP is key to good health

A PCP is the doctor, nurse practitioner or other qualified medical professional you see for annual checkups and for treatment when you're sick or injured.

- Because this plan requires you to have a Focus HMO PCP, we will assign one to you automatically if we don't have one on file for you or if you don't select one when you enroll. Once a member creates their account, they can change their PCP.
- You and each of your dependents can choose different Focus HMO PCPs.
- Find a PCP or see if your current provider is in the Focus Network-MA HMO network at harvardpilgrim.org/cityofworcester

Getting care with the Focus HMO plan

Routine and preventive care*

There's no extra charge for routine annual exams with your PCP and many preventive tests and services. Other tests and services your PCP orders may require cost-sharing.

Specialty care

You will need your PCP's referral before your plan will cover most kinds of specialty care (e.g., dermatology, physical therapy, etc.). Certain types of visits (e.g., routine eye exams and OB-GYN care) do not require referrals.

Hospital care

You will need a referral from your PCP or specialist for any tests, surgery or treatment you receive at a participating hospital, except in a medical emergency. If you are admitted to the hospital from the emergency room, call your PCP to arrange for any follow-up care you may need.

Behavioral health care**

Your plan covers in-person visits with thousands of participating licensed clinicians; you do not need a referral. Virtual visits via smartphone, tablet or computer are also available.

Care when you're traveling

Your plan covers emergency care if you get sick or injured anywhere in the world.

Acupuncture and chiropractic treatments

Acupuncture and chiropractic benefits are included without referrals on most plans.

Urgent and emergency care

If you have a non-life-threatening illness or injury and your doctor's office is closed, you have a variety of options for getting care. Of course, if you think you're having a medical emergency, go to the emergency room or call 911. Learn more about your care options at harvardpilgrim.org/urgentcareoptions

Coverage and important information

You will be required to choose a PCP from the Focus Network-MA HMO network to handle your care and give you referrals to specialists.

You can get acupuncture, chiropractic care, routine eye exams and most kinds of gynecological care without your PCP's referral, but you must see Focus HMO providers for these services.

Before you visit any new doctor or hospital — even when you have a referral — please check the Focus Network-MA HMO provider directory to make sure they are in the network and listed at the location where you have your appointment. If the provider is not in the Focus Network-MA HMO directory, or only listed at a different location, your care will not be covered.

Reminder when choosing a doctor

When a doctor has admitting privileges at a Focus HMO hospital, it doesn't necessarily mean that the doctor participates in the Focus Network-MA HMO provider network. Check the online Focus Network-MA HMO directory to make sure you're seeing Focus HMO participating providers and that you are receiving your care from them at participating Focus HMO locations (e.g., hospitals and doctors' offices).

What you pay for services

Cost-sharing is the portion you pay for specific services like office visits, X-rays and prescriptions.** Copayments, deductibles and coinsurance are examples of cost-sharing.

Coinurance: A fixed percentage of costs you pay for covered services. For example, you may have to pay 20% of a provider's bill for your care, while Harvard Pilgrim pays 80%. Coinsurance is usually something you pay after you have paid your full annual deductible.

Copayment: A flat dollar amount you pay for certain services on your plan. You may have different copayments for different services (e.g., primary care visits, specialist visits and prescription drugs). Copayments are normally due when you have your appointment or pick up prescriptions at the pharmacy.

Deductible: A set amount of money you pay out of your own pocket for certain covered services. If you have a \$2,000 annual deductible, for example, you will have to pay \$2,000 worth of charges before Harvard Pilgrim helps pay. Copayments and coinsurance do not count toward your deductible.

Out-of-pocket maximum: A limit on the total amount of cost-sharing you pay annually for covered services. This generally includes copayments, deductibles and coinsurance. After you meet your out-of-pocket maximum, Harvard Pilgrim will pay all additional covered health care costs.

See the Schedule of Benefits for more details on your coverage and cost-sharing amounts.
