Elevate Health

The ElevateHealth provider network includes hundreds of primary care providers, thousands of specialists and 20 premier New Hampshire hospitals, plus Brattleboro Memorial Hospital in Vermont. Compared to other options, choosing a plan with a select network such as this may help you save money on your annual premium. (Not available to individuals who reside in Carroll County.)

Our programs help you maximize your well-being.

Good health—and how you work toward it—looks different for everyone. Our wellness programs are designed to suit your needs, whatever they may be.

Wellness website

Personal health coaching

Through one-on-one coaching sessions over the phone and email check-ins, our certified health and wellness coaches will help you set realistic health goals, identify and address any barriers and keep track of your progress.

Care management

When you're dealing with a chronic illness, getting better can involve much more than medical treatment. Our team from Benevera Health can help. Their "Whole Person, In Person" care management approach means that they get to know you and look at all of the factors that affect your well-being.

We have ways to help you save money.

Keep more money in your pocket with tools and programs designed to help you save.

Health care cost estimator

Too often, we don't know how much health care services cost until the bills arrive. Our online cost estimator tool helps you understand what costs to expect beforehand. You can even compare costs among different providers.

Fitness reimbursement

Get up to a \$150 annual reimbursement on fees for health and fitness club membership and classes. To qualify, you or one of your dependents must be an active member of the fitness club for at least four months within a calendar year.¹

Discounts & Savings

Save on a variety of products and services that can help you stay healthy:

- Vision
- Hearing
- Healthy Eating
- Fitness
- Dental
- Holistic Wellness
- Smoking Cessation
- Family & Senior Care

¹There is a \$150 maximum reimbursement per Harvard Pilgrim policy in a calendar year per individual or family contract. Must be currently enrolled in Harvard Pilgrim at the time of reimbursement. Restrictions apply. For tax information, consult your tax advisor.

We're committed to our communities.

As a not-for-profit, service inspires our social mission. We're driven by a human concern for the particular health challenges our New Hampshire neighbors and communities face – and a dedication to helping resolve them.

Funding programs in New Hampshire

In 2017, the Harvard Pilgrim Health Care Foundation supported local non-profit agencies and health initiatives with more than \$488,000 in grants and sponsorships.

Prevention and recovery

Our support includes active partnerships with New Hampshire non-profits that focus on prevention of and recovery from substance-use disorders. Additionally, the Harvard Pilgrim Foundation launched a grant program in early 2018 specifically to assist those not-for-profits who are actively tackling the opioid crisis in our state.

¹ What you pay out-of-pocket depends on your specific Harvard Pilgrim plan. Please refer to your plan documents for your specific benefit information.

² Emergency Room care for non-medical emergency services applies higher cost sharing (deductible then 50% coinsurance). Refer to your plan documents for specifics.

Prescription drug coverage

High-quality coverage

Our prescription drug coverage focuses on choice and value to help you get the most out of your benefits and keep premiums affordable.

Our plans include a 5-tier prescription drug benefit: the lower the tier, the less you pay. Cost sharing for prescriptions may include a combination of copayments, coinsurance and a deductible, with the option of getting prescriptions filled at a retail pharmacy or through the mail.

TIER	VALUE 5-TIER
Tier 1	Lower-cost generics
Tier 2	Higher-cost generics
Tier 3	Preferred brands (some higher-cost generics)
Tier 4	Non-preferred brands and preferred specialty (some higher-cost generics)
Tier 5	Non-preferred specialty drugs, and selected brand and generic drugs

Is a prescription covered?

Finding out is easy with our online Prescription Drug Lookup tool available at harvardpilgrim.org. It takes just two steps! Just choose "Value 5-Tier" and then look up drugs by tier or by category.

Behavioral health online or in person

Through our partnership with United Behavioral Health (also known as Optum), you have access to resources and treatment for a wide number of behavioral health issues, such as depression or anxiety, ADHD, an eating disorder or concerns about substance use or addiction.

We understand mental health and substance use issues can be complex, confusing and sometimes overwhelming, especially when you're just starting your mental health journey. Our confidential Behavioral Health Access Center helps you understand your coverage and treatment options and makes it easy for you to get started with treatment.

Insurance terms to know

Cost sharing

The portion you pay for specific health care services like office visits, X-rays and prescriptions. Coinsurance, copayments and deductibles are all examples.

Deductible

This is a set amount of money you pay out of your own pocket for certain services. For a \$2,000 annual deductible, for example, you will have to pay \$2,000 worth of charges before Harvard Pilgrim helps pay. If you receive care for services that fall under the deductible, the provider will send a bill. If prescription drugs fall under a plan's deductible, you will need to pay for them when you pick them up from the pharmacy. Copayments do not count toward a deductible.

Copayments

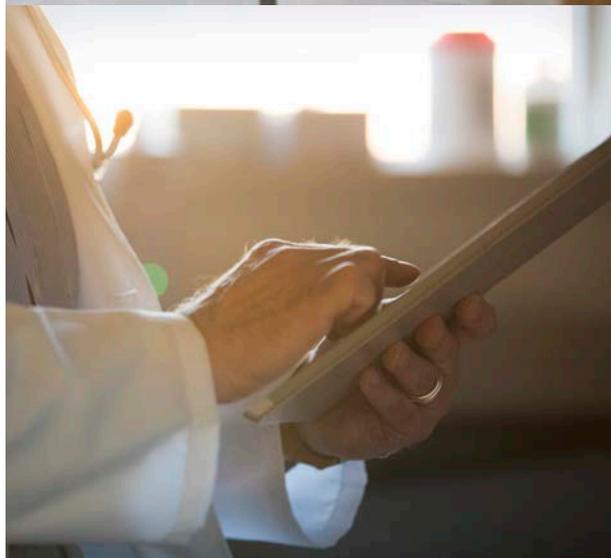

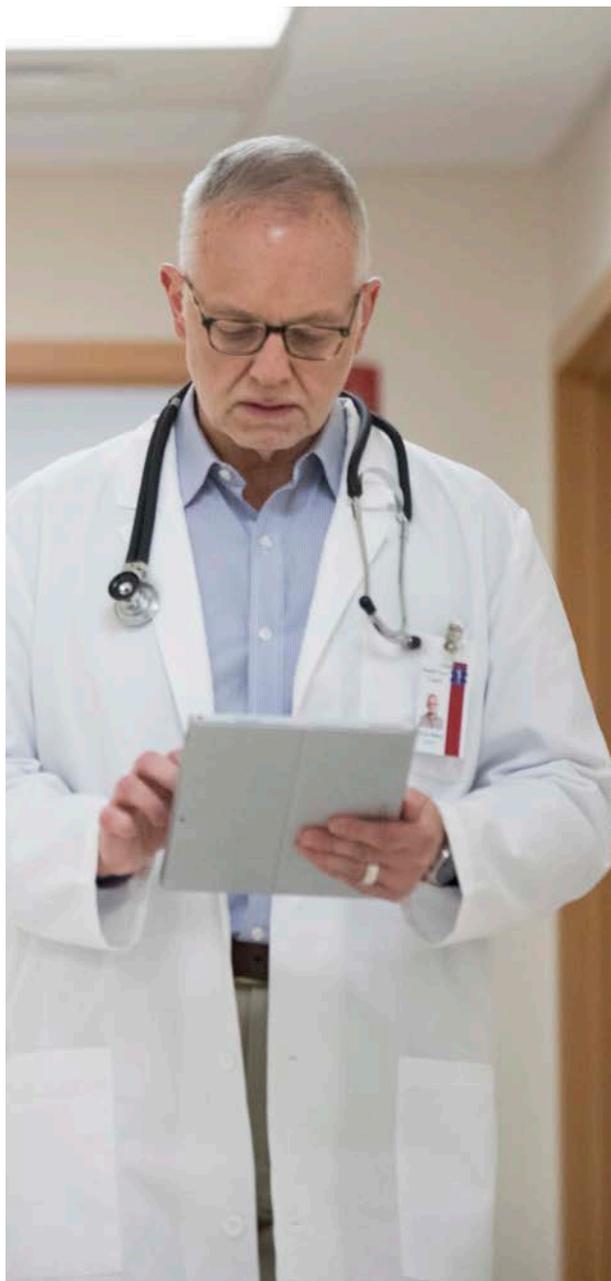

The flat dollar amount you pay for certain services on your plan. There may be different copayments for different services (e.g., primary care visits, specialist visits and prescription drugs). Copayments are normally due at the time of an appointment or when picking up a prescription at the pharmacy.

Coinsurance

A fixed percentage of costs you pay for covered services. For example, for a plan with coinsurance, you may have to pay 20% of a provider's bill for care, while Harvard Pilgrim pays 80%. Coinsurance is usually something you pay after you have paid an annual deductible.

Out-of-pocket maximum

A limit on the total amount of cost sharing you pay annually for covered services. This generally includes copayments, coinsurance and deductibles. After you meet the out-of-pocket maximum, Harvard Pilgrim will pay all additional covered health care costs.
