Emergent Department/Urgent Admission Notification

Unless otherwise specified, information in this policy does not apply to members with the Choice or Choice Plus products offered through Passport ConnectSM. For UnitedHealthcare’s related policies/procedures, please go to www.UnitedHealthcareOnline.com or call 800-708-4414.

Emergent/Urgent Admissions

Harvard Pilgrim covers emergency services that are medically necessary to screen and stabilize a member in a medical or behavioral health emergency. Members who believe they are having a medical or behavioral health emergency are encouraged to seek care at the nearest emergency facility. Admission from an emergency department to acute inpatient care does not require prior authorization or referral from a PCP. This does not preclude concurrent review of the appropriateness and medical necessity of the continued stay, following admission.

Admitting hospitals are responsible for notifying Harvard Pilgrim if a member requires emergent/urgent inpatient admission to an acute hospital or behavioral health facility from an emergency room/department (see Notification Policy).

Inpatient admissions will be subject to review using InterQual criteria to determine appropriateness of setting (i.e., inpatient admission vs. observation admission). Harvard Pilgrim may contact a facility for additional clinical information to perform review. If information is not received in a timely manner, the decision will be based on the available clinical information and could result in denial of the inpatient admission request.

Action Required

The admitting hospital is responsible for notifying Harvard Pilgrim within two business days following a member’s emergent/urgent admission.

Notification may be communicated through one of the following channels.

Electronic
Submit a transaction record with required information using the HPHConnect or NEHEN transaction service.

- Detailed HPHConnect instructions are available at www.harvardpilgrim.org/providers. (Refer to the user guides at HPHConnect/User Guides.)
- For NEHEN instructions, refer to your NEHEN documentation.

Emergent/Urgent Inpatient Behavioral Health Admissions

Unless Behavioral Health benefits are “carved-out” of the member’s Harvard Pilgrim plan, admitting Behavioral Health facilities are responsible for notifying Harvard Pilgrim’s Behavioral Health Access Center at 888-777-4742 or online through the Optum Provider Express website (www.providerexpress.com) of all emergent/urgent inpatient admissions within two (2) business days of the admission. Prior authorization is not required as noted above. Prior Authorization is also not required for Post-Stabilization services at an acute (24-hour) level of care facility following an Emergent Inpatient Behavioral Health Admission.

Behavioral Health Access Center clinicians are available 24 hours a day, seven days a week to assist with placements and/or placements to alternative levels of care.

See the Behavioral Health Care Authorization & Notification policy for more details.

Information Required

The following information is required for notification of an emergent/urgent admission.

- Member’s name and Harvard Pilgrim identification number
- Admitting provider’s name and National Provider Identifier number (NPI)
- Hospital’s name, location and National Provider Identifier (NPI)
- Diagnosis
- Service requested (i.e., admission, procedure, etc.)
- Admission date (must be the actual date the member was admitted to inpatient status)

All requests for services must be submitted with a valid NPI for the requesting and servicing providers.
