

## Orthotic and Prosthetic Devices

### Policy

Harvard Pilgrim reimburses contracted providers for orthotic and prosthetic devices ordered by a Harvard Pilgrim provider when medically necessary and within the applicable benefit. Members do not have a benefit limit for the purchase, replacement and/or repair of prosthetic arms and legs, in whole or in part. Providers may be reimbursed for orthotics described in the benefit.

Orthotic and prosthetic devices ordered for a member during an authorized home health care plan is restricted to equipment that is specifically related to the illness or injury for which skilled home care plan is required, and which is integral to the skilled home health plan of care. Orthotics and prosthetics needed beyond the authorized home care plan of care, or that is received after the authorized home care date span, and exceeds the benefit, is the responsibility of the member.

### Policy Definition

*Orthotic Devices and orthopedic appliances* are designed to support, align, prevent or correct deformities and/or improve the function of moveable parts of the body.

*Prosthetic Devices*, as referenced in this payment policy, are external devices designed to perform or replace all or part of the function of a permanently inoperative or malfunctioning body part. Devices that must be implanted (e.g., pacemakers) are reimbursed using the relevant surgical payment policy.

### Prerequisite(s)

Applicable Harvard Pilgrim referral, notification and authorization policies and procedures apply. (Refer to [\*Referral, Notification and Authorization\*](#) for more information.)

### HMO/POS/PPO

- An order is required for orthotic and prosthetic devices
- An authorization is required for miscellaneous DME (Refer to [\*Durable Medical Equipment \(DME\) Authorization\*](#) for specific requirements.)

### Open Access HMO and POS

For [\*Open Access HMO and Open Access POS\*](#) products, no referral is required to see a contracted specialist.

### Harvard Pilgrim Reimburses<sup>1</sup>

#### HMO/POS/PPO

Harvard Pilgrim will reimburse providers or Harvard Pilgrim-approved vendors for:

- The least costly prosthetic device that permits the member to perform activities of daily living (ADLs).
- Replacement, as needed, due to a change in the member's condition or when the cost of repairing exceeds the cost of new prostheses.

#### Orthotic Devices

The following list of reimbursed items is not all-inclusive. Contact the Provider Service Center at 800-708-4414, for specific item information.

- Diabetic shoes and orthotic inserts, with limited diagnosis codes only (Refer to Provider Billing and Documentation for specific payable diagnosis codes), shoe inserts and devices. Reimbursed when used for treatment of the following:

**Repairs Maintenance Replacement of Orthotic and Prosthetic Devices**

---

Under the circumstances specified below, payment may be made for maintenance, repair, or replacement of medically required orthotic and prosthetic devices. Payments for repairs and maintenance may not include payment for parts and labor covered under a manufacturer’s or supplier’s warranty.

**Repairs**

---

Repairs to equipment are covered including items already owned by the member that require repair when necessary to make the equipment operable. Harvard Pilgrim does not reimburse repairs or replacements of items lost or damaged secondary to abuse or neglect. No payment can be made for the repair if the expense for repairs exceeds the estimated expense of purchasing or renting the item new for the remaining period of medical need. In this case the item should be replaced. Repairs of rented equipment are not covered.

**Maintenance**

---

The Harvard Pilgrim provider is required to participate in orthotics and prosthetics maintenance and service, including items already owned by the member that require such service, and will be reimbursed according to the applicable maintenance service rate indicated on the Harvard Pilgrim fee schedule for that particular item at six-month intervals beginning six months after the conclusion of the purchase/rental cycle.

**Replacement of Orthotic and Prosthetic Devices**

---

Harvard Pilgrim applies item limits and replacement period limits on many orthotic and prosthetic devices as set forth in the Harvard Pilgrim Fee Schedule. If a replacement of an item is needed prior to the published replacement period the replacement must be billed with the RA modifier on the first replacement claim in addition to the appropriate modifier (NU, RR) that would follow the standard payment methodology for the item on the Harvard Pilgrim fee schedule. Replacements cannot be made less than 60 days from date of purchase or two full rental months from the completion of the rental period.

<sup>1</sup>This policy applies to the products of Harvard Pilgrim Health Care and its affiliates—Harvard Pilgrim Health Care of Connecticut, Harvard Pilgrim Health Care of New England, and HPHC Insurance Company—for services performed by contracted providers. Payment is based on member benefits and eligibility, medical necessity review, where applicable, and provider contractual agreement. Payment for covered services rendered by contracted providers will be reimbursed at the lesser of charges or the contracted rate. (Does not apply to inpatient per diem, DRG, or case rates.) HPHC reserves the right to amend a payment policy at its discretion. CPT and HCPCS codes are updated annually. Always use the most recent CPT and HCPCS coding guidelines.

<sup>2</sup>The table may not include all provider claim codes related to orthotic and prosthetic devices.
