### Applies to:

#### Commercial Products
- ☒ Harvard Pilgrim Health Care Commercial products; Fax 617-673-0988
- ☒ Tufts Health Plan Commercial products; Fax 617-673-0988
  - CareLink™ – Refer to CareLink Procedures, Services and Items Requiring Prior Authorization

#### Public Plans Products
- ☒ Tufts Health Direct – A Massachusetts Qualified Health Plan (QHP) (a commercial product); Fax 617-673-0988
- ☐ Tufts Health Together – MassHealth MCO Plan and Accountable Care Partnership Plans; Fax 617-673-0939
- ☒ Tufts Health RITogether – A Rhode Island Medicaid Plan; Fax 617-673-0939
- ☐ Tufts Health Unify* – OneCare Plan (a dual-eligible product); Fax 617-673-0956
  *The MNG applies to Tufts Health Unify members unless a less restrictive LCD or NCD exists.

#### Senior Products
- ☐ Harvard Pilgrim Health Care Stride Medicare Advantage; Fax 617-673-0956
- ☐ Tufts Health Plan Senior Care Options (SCO), (a dual-eligible product); Fax 617-673-0956
- ☐ Tufts Medicare Preferred HMO, (a Medicare Advantage product); Fax 617-673-0956
- ☐ Tufts Medicare Preferred PPO, (a Medicare Advantage product); Fax 617-673-0956

**Note:** While you may not be the provider responsible for obtaining prior authorization, as a condition of payment you will need to ensure that prior authorization has been obtained.

### Overview

**Food and Drug Administration (FDA) Approved Indications:**
- Amondys45 (casimersen) is an antisense oligonucleotide indicated for the treatment of Duchenne muscular dystrophy (DMD) in patients who have a confirmed mutation of the DMD gene that is amenable to exon 45 skipping. This indication is approved under accelerated approval based on an increase in dystrophin production in skeletal muscle observed in patients treated with Amondys45. Continued approval for this indication may be contingent upon verification of a clinical benefit in confirmatory trials.

### Clinical Guideline Coverage Criteria

The Plan may cover Amondys45 for Members when the following criteria are met:

**Initial Coverage Criteria**

1. Documented diagnosis of Duchenne muscular dystrophy with medical records confirming a mutation of the Duchenne muscular dystrophy gene that is amenable to exon 45 skipping
   - AND
2. The prescribing physician is a neurologist or a provider who specializes in the treatment of Duchenne muscular dystrophy
3. Documentation of one of the following:
   a. Member has been receiving a stable dose of corticosteroids for a period of at least 6 months
   OR
   b. Member has a contraindication to corticosteroids

Reauthorization Criteria
1. Documented diagnosis of Duchenne muscular dystrophy with medical records confirming a mutation of the Duchenne muscular dystrophy gene that is amenable to exon45 skipping

2. The prescribing physician is a neurologist or a provider who specializes in the treatment of Duchenne muscular dystrophy

3. Documentation of one of the following:
   a. Member continues to utilize corticosteroids in combination with Amondys45
   OR
   b. Member has a contraindication to corticosteroids

4. Documentation that based on the prescriber’s assessment, the Member continues to benefit from Amondys45 documented by a standardized assessment of motor function or respiratory function

Limitations
- Initial Authorizations will be provided for 6 months. Reauthorizations will be provided for 12 months.
- Members new to the Plan stable on Amondys45 should be reviewed against Reauthorization Criteria.
- The Plan will not authorize the use of Amondys45 in Members with Duchenne muscular dystrophy who do not have a confirmed mutation of the Duchenne muscular dystrophy gene that is amenable to exon 45 skipping.
- The Plan will not authorize the use of Amondys45 in combination with other disease modifying therapies for Duchenne muscular dystrophy as there is no evidence to suggest combination therapy is safe or effective.

Codes
The following code(s) require prior authorization:

Approval And Revision History

April 19, 2023: Reviewed by the Medical Policy Approval Committee (MPAC)
May 9, 2023: Reviewed by Pharmacy and Therapeutics Committee (P&T)

Subsequent endorsement date(s) and changes made:

- Originally approved September 13, 2022 by P&T and September 21, 2022 by MPAC committees effective January 1, 2023
- Administrative update: April 2023 added Medical Benefit Drugs to title, updated MATogether and RITogether fax numbers to 617-673-0939, and added a reauthorization duration clarification
- May 2023 Annual Review No Change effective July 1, 2023

Background, Product and Disclaimer Information

Medical Necessity Guidelines are developed to determine coverage for benefits and are published to provide a better understanding of the basis upon which coverage decisions are made. We make coverage decisions using these guidelines, along with the Member’s benefit document, and in coordination with the Member’s physician(s) on a case-by-case basis considering the individual Member’s health care needs.

Medical Necessity Guidelines are developed for selected therapeutic or diagnostic services found to be safe and proven effective in a limited, defined population of patients or clinical circumstances. They include concise clinical coverage criteria based on current literature review, consultation with practicing physicians in our service area who are medical experts in the particular field, FDA and other government agency policies, and standards adopted by national accreditation organizations. We revise and update Medical Necessity Guidelines annually, or more frequently if new evidence becomes available that suggests needed revisions.

For self-insured plans, coverage may vary depending on the terms of the benefit document. If a discrepancy exists between a Medical Necessity Guideline and a self-insured Member’s benefit document, the provisions of the benefit document will govern. For Tufts Health Together (Medicaid), coverage may be available beyond these guidelines for pediatric members under age 21 under the Early and Periodic Screening, Diagnostic and Treatment (EPSDT) benefits of the plan in accordance with 130 CMR 450.140 and 130 CMR 447.000, and with prior authorization.

Treating providers are solely responsible for the medical advice and treatment of Members. The use of this guideline is not a guarantee of payment or a final prediction of how specific claim(s) will be adjudicated. Claims payment is subject to eligibility and benefits on the date of service, coordination of benefits, referral/authorization, utilization management guidelines when applicable, and adherence to plan policies, plan procedures, and claims editing logic.
