# Find a Provider

Our online Provider Directory helps make it easier

Looking for a Primary Care Provider (PCP), specialist or hospital? Use our “Find a provider” online tool to look up your plan’s participating providers. The tool is updated during business hours to reflect the most recent providers in our network.

## Get Started in 3 Simple Steps:

- 1. Log in to your secure member account** at [harvardpilgrim.org/member/login](https://harvardpilgrim.org/member/login) for personalized search results. If you don’t have an account, visit [harvardpilgrim.org/create](https://harvardpilgrim.org/create) to activate your secure online account and access your plan’s directory.
- 2. Click on “Find a provider”** on the top right of the webpage and refine your search by specialty, location, name or distance.
- 3. Narrow your options** by checking details such as in-office and virtual availability, and whether providers are accepting new patients.

You can also search for providers without logging into your secure account at [harvardpilgrim.org/providerdirectory](https://harvardpilgrim.org/providerdirectory). You will need to select your plan name, shown on the top right of your member ID card.

## How to Select or Change Your PCP

- **After logging in to your member account**, click “Change PCP” under the “Your Plan Snapshot” section.
- **Search for your PCP** by location, provider name or provider ID. Click “Select PCP.”

# Preventive Care and Drug Coverage: Keeping Members Healthy

Preventive care includes routine check-ups, screenings, and immunizations that help you stay healthy and catch potential issues early — before symptoms appear. These services are covered at no cost when received from an in-network provider, as outlined by the Affordable Care Act. It's important to note that diagnostic and treatment services for existing conditions are not considered preventive care and may involve member cost sharing.

## Behavioral & Lifestyle Support

- Providers may offer or refer adults with cardiovascular risk factors for **behavioral counseling** to support a healthy diet and physical activity.
- **Nutritional counseling** and **obesity screening** are included to help manage weight and overall wellness.
- **Tobacco use screening** and support, including behavioral interventions and FDA-approved cessation aids, are available during primary care visits.
- **Skin cancer prevention counseling** is offered to promote sun safety habits.

## Screenings for All Ages

- **Hearing and vision screenings** are covered for children and young adults up to age 21.
- **Hematocrit or hemoglobin screening** helps detect anemia.
- **Hepatitis B and C screenings** are available for individuals at high risk or within specific age ranges.
- **HIV screening, counseling and support services** are provided in line with CDC guidelines, including preventive therapy for those at high risk.
- **STD screenings and counseling** are included to support sexual health.
- **Interpersonal and domestic violence screening** is available to ensure safety and support.

## Immunizations

- A full range of **vaccinations**, including **flu shots**, are covered. Flu shots are available at pharmacies or doctor's offices for adults (19+), and at doctor's offices for those under 19.

## Adults-Only Services

- **Abdominal aortic aneurysm screening** for men ages 65–75 who have ever smoked.
- **Colorectal cancer screening** (ages 45–75), including colonoscopy, CT colonography, sigmoidoscopy, and at-home test kits like Cologuard.
- **Falls prevention counseling** for adults 65+ at increased risk.
- **Lung cancer screening** for adults 50–80 with a history of heavy smoking.
- **Unhealthy drug use screening** through questionnaires, with referrals for treatment if needed.
- **Statin therapy** for adults ages 40–75 at high risk for cardiovascular disease.
- **Tuberculosis screening** for adults at increased risk.

## Our prescription drug benefits focus on choice and value

**Drug Coverage:** All plans include either 3-tier or 5-tier prescription drug coverage through our Pharmacy Benefits Manager, OptumRx. The lower the tier, the less you pay. Cost sharing for prescriptions may include a combination of copayments, coinsurance and a deductible. As always, members will pay the lesser of the drug cost or the applicable cost share. Members can get prescriptions from more than 67,000 pharmacies nationwide or shipped to their home through our mail order pharmacy program.

We also cover certain generic **over-the-counter drugs** on our formulary. With a prescription from a provider, members will pay Tier 1 Rx cost sharing for certain drugs including cough, cold and allergy; dermatology; gastrointestinal; pain; and ophthalmic preparations. **Please note** that GLP-1 medications will continue to be covered only when prescribed for the treatment of diabetes.

Effective January 1, 2026, Harvard Pilgrim will exclude coverage of all weight loss drugs, including GLP-1 drugs, to treat weight loss and related conditions, such as cardiovascular disease. We remain committed to supporting overall health and wellness offering a wide range of resources — including wellness programs, weight management tools, and nutrition support services — to help members lead healthier lifestyles.

Members should refer to their plan documents for specific details regarding their coverage and benefits.

# Know Your Care Options

Health care isn't one-size-fits-all

Knowing where to seek care for your situation can save you time and money. As a Harvard Pilgrim member, you and your dependents have access to a variety of options:

## When to See Your Primary Care Provider (PCP)

For annual checkups and physicals, as well as non-urgent needs such as preventive screenings and immunizations, your PCP is best suited to coordinate your care. They may also offer virtual health care services for even greater convenience.

## When to Use Virtual Care, Through Doctor On Demand

You can request a virtual visit with a U.S.-based doctor 24/7 for non-emergency conditions such as upper respiratory infection, upset stomach or skin rash using live video or voice call with your smartphone, tablet or computer. You can also access confidential therapy and build an ongoing relationship with the behavioral health provider of your choice.

## When to Go to a Retail Clinic

Retail clinics, such as CVS MinuteClinic® and Walgreens Healthcare Clinic, are a good option when you're experiencing mild symptoms such as an ear infection or skin conditions like poison ivy, and you want a health professional to check it out without an appointment.

## When to Visit an Urgent Care Center

You can visit an urgent care center without an appointment for situations that need immediate treatment but are not considered life-threatening, such as minor burns or cuts that may require stitches.

## When to Visit the Emergency Room<sup>7</sup>

If you think you're having a medical emergency and your life is in danger, call 911 or go to the nearest emergency room. Examples include severe chest or abdominal pain or serious injury.

# Key Terms

## Coinsurance

This is a fixed percentage of costs that you pay for covered services. For example, if you have a plan with coinsurance, you may have to pay 20% of a provider's bill for your care, while Harvard Pilgrim pays 80%. Coinsurance is usually something you pay after you have paid an annual deductible.

## Copayments

A fixed dollar amount that you pay for a covered medical service, prescription or medication.

## Cost-sharing

Your out-of-pocket costs for services included within your health plan including copayments, deductibles and coinsurance.

## Deductible

The amount you owe or pay out-of-pocket during a coverage period (usually one year) for covered health care services before your plan begins to pay.

## Embedded and Non-Embedded Deductible

**Embedded Deductible** refers to a family plan that has two components, an individual deductible and a family deductible. The maximum contribution by an individual toward the family deductible is limited to the individual deductible amount and allows for the individual to receive benefits before the family deductible is met. When any number of members collectively meet the family deductible, services for the entire family are covered for the remainder of the year. **Non-Embedded Deductible** refers to family plans where there is only a family component that must be reached, either by an individual member or the family collectively, to receive benefits.

## In-Network

HMO members only have access to in-network providers, unless out of network care is prior approved or you have a medical emergency. Generally, this describes coverage for care that POS and PPO members receive from participating providers in the Harvard Pilgrim network. In-network coverage typically costs less than out-of-network coverage.

## Out-of-Network

Out-of-network coverage applies only to POS and PPO plans. Harvard Pilgrim will cover care that POS and PPO members receive from non-participating providers, but it usually costs more than in-network coverage.

## Out-of-Pocket Maximum

This is a limit on the total amount of cost-sharing you have to pay annually for covered services. This generally includes copayments, coinsurance and deductibles. After you meet your out-of-pocket maximum, Harvard Pilgrim will pay all additional covered health care costs.

## Premium

This is the monthly cost of your health insurance coverage.

## Prior Authorization (PA)

The need for your provider to tell us why it is medically necessary for you to receive a covered medication or service. Harvard Pilgrim must approve services subject to prior authorization in advance for the service to be covered.

## Tier

Medical plans often place providers and hospitals in different categories, or tiers, with different cost-sharing amounts. Typically, you'll save money when you see Tier 1 providers.

# Important Information About Your Plan

The following information refers to plans offered by Harvard Pilgrim Health Care and its affiliates ("Harvard Pilgrim").

## When You Need Care

If your doctor admits you to a hospital for a test, surgery or other procedure, including admission for surgical day care, hospital representatives are responsible for notifying Harvard Pilgrim on your behalf. There are a few procedures that require Harvard Pilgrim's authorization, and your doctor is aware of the procedures they must discuss with us before they take place.

To find out where our participating doctors admit patients, visit our online directory at [harvardpilgrim.org/member/login](https://harvardpilgrim.org/member/login). Or you can call one of the phone numbers at the end of this document to have one of our representatives assist you.

Harvard Pilgrim requires prior authorization (prospective review of medical necessity and clinical appropriateness) for selected medications, procedures, services and items. The prior authorization process is used to verify member eligibility and facilitate the appropriate utilization of these elective, non-urgent services. Visit [harvardpilgrim.org/member/login](https://harvardpilgrim.org/member/login) to see Prior Authorization for Care details.

When you're in the hospital, Harvard Pilgrim's nurse care managers are available to work with your doctors and other providers to ensure that you receive the care you need, subject to member residency and provider licensure. They may evaluate the quality and appropriateness of the services you receive, and when you no longer need hospital care, will work with your medical team to coordinate the services you need in an appropriate clinical setting (e.g., at home, or in a skilled nursing or rehabilitation facility).

In situations where Harvard Pilgrim was not notified of services (e.g., when a member was unable to give insurance information to providers), a post-service review may be completed to evaluate proper use of services or to identify quality of care issues.

## Appeals

You may file a complaint about a coverage decision or appeal that decision with Harvard Pilgrim. For details, see your Benefit Handbook.

To access your Benefit Handbook online, log into your secure online account on [harvardpilgrim.org/member/login](https://harvardpilgrim.org/member/login), click on More Tasks from your Member Dashboard and select View My Plan Documents under Documents. ## Member Confidentiality

Harvard Pilgrim values individuals' privacy rights and is committed to safeguarding protected health information (PHI) and personal information (PI). To support this commitment, Harvard Pilgrim has established a number of Privacy and Security policies, including those describing the administration of its privacy and security programs, requirements for staff training, and permitted uses and disclosures of PHI and PI. We may collect, use and disclose financial and medical information about you when doing business with you or with others. We do this in accordance with our privacy policies and applicable state and federal laws. Harvard Pilgrim also requires its business partners who administer health care coverage to you on our behalf to protect your information in accordance with applicable state and federal laws.
