# Find a Provider

Our online Provider Directory helps make it easier

Looking for a Primary Care Provider (PCP), specialist or hospital? Use our “Find a provider” online tool to look up your plan’s participating providers. The tool is updated during business hours to reflect the most recent providers in our network.<sup>3</sup>

## Get Started in 3 Simple Steps:

- 2. Click on “Find a provider”** on the top right of the webpage and refine your search by specialty, location, name or distance.

You can also search for providers without logging into your secure account at [harvardpilgrim.org/providerdirectory](https://harvardpilgrim.org/providerdirectory). You will need to select your plan name, shown on the top right of your member ID card.

# Preventive Care and Drug Coverage: Keeping Members Healthy

Preventive care includes routine check-ups, screenings, and immunizations that help you stay healthy and catch potential issues early — before symptoms appear. These services are covered at no cost when received from an in-network provider, as outlined by the Affordable Care Act. It's important to note that diagnostic and treatment services for existing conditions are not considered preventive care and may involve member cost sharing.

## Behavioral & Lifestyle Support

- Providers may offer or refer adults with cardiovascular risk factors for **behavioral counseling** to support a healthy diet and physical activity.
- **Nutritional counseling** and **obesity screening** are included to help manage weight and overall wellness.
- **Tobacco use screening** and support, including behavioral interventions and FDA-approved cessation aids, are available during primary care visits.
- **Skin cancer prevention counseling** is offered to promote sun safety habits.

## Screenings for All Ages

- **Hearing and vision screenings** are covered for children and young adults up to age 21.
- **Hematocrit or hemoglobin screening** helps detect anemia.
- **Hepatitis B and C screenings** are available for individuals at high risk or within specific age ranges.
- **HIV screening, counseling and support services** are provided in line with CDC guidelines, including preventive therapy for those at high risk.
- **STD screenings and counseling** are included to support sexual health.
- **Interpersonal and domestic violence screening** is available to ensure safety and support.

## Immunizations

- A full range of **vaccinations**, including **flu shots**, are covered. Flu shots are available at pharmacies or doctor's offices for adults (19+), and at doctor's offices for those under 19.

## Adults-Only Services

- **Abdominal aortic aneurysm screening** for men ages 65–75 who have ever smoked.
- **Colorectal cancer screening** (ages 45–75), including colonoscopy, CT colonography, sigmoidoscopy, and at-home test kits like Cologuard.
- **Falls prevention counseling** for adults 65+ at increased risk.
- **Lung cancer screening** for adults 50–80 with a history of heavy smoking.
- **Unhealthy drug use screening** through questionnaires, with referrals for treatment if needed.
- **Statin therapy** for adults ages 40–75 at high risk for cardiovascular disease.
- **Tuberculosis screening** for adults at increased risk.

**Drug Coverage:** All plans include either 4-tier or 5-tier prescription drug coverage through our Pharmacy Benefits Manager, OptumRx. The lower the tier, the less you pay. Cost sharing for prescriptions may include a combination of copayments, coinsurance and a deductible. As always, members will pay the lesser of the drug cost or the applicable cost share. Members can get prescriptions from more than 67,000 pharmacies nationwide or shipped to their home through our mail-order pharmacy program.

We also cover certain generic **over-the-counter drugs** on our formulary. With a prescription from a provider, members will pay Tier 1 Rx cost sharing for certain drugs including cough, cold and allergy; dermatology; gastrointestinal; pain; and ophthalmic preparations.

Harvard Pilgrim excludes coverage of all weight loss medications, including GLP-1 drugs, to treat weight loss. Effective January 1, 2026, these medications will also be excluded from coverage when used to treat related conditions, such as cardiovascular disease. **Please note** that GLP-1 medications continue to be covered only when prescribed for the treatment of diabetes.

We remain committed to supporting overall health and wellness offering a wide range of resources — including wellness programs, weight management tools, and nutrition support services — to help members lead healthier lifestyles.

**Oral Chemotherapy Drug Update:** Members will pay the cost sharing assigned to the drug tier, with a maximum of \$200 per prescription in accordance with NH law. Cost sharing applies after deductible on HSA, High Deductible Health Plans.

Members should refer to their plan documents for specific details regarding their coverage and benefits.

# Know Your Care Options

Health care isn't one-size-fits-all

Knowing where to seek care for your situation can save you time and money. As a Harvard Pilgrim member, you and your dependents have access to a variety of options:

## **When to See Your Primary Care Provider (PCP)**

For annual checkups and physicals, as well as non-urgent needs such as preventive screenings and immunizations, your PCP is best suited to coordinate your care. They may also offer virtual health care services for even greater convenience.

## **When to Use Virtual Care, Through Doctor On Demand**

## **When to Go to a Retail Clinic**

Retail clinics, such as CVS MinuteClinic® and Walgreens Healthcare Clinic, are a good option when you're experiencing mild symptoms such as an ear infection or skin conditions like poison ivy, and you want a health professional to check it out without an appointment.

## **When to Visit an Urgent Care Center**

You can visit an urgent care center without an appointment for situations that need immediate treatment but are not considered life-threatening, such as minor burns or cuts that may require stitches.

## **When to Visit the Emergency Room<sup>8</sup>**

If you think you're having a medical emergency and your life is in danger, call 911 or go to the nearest emergency room. Examples include severe chest or abdominal pain or serious injury.

# Which Plan is Best for You

These questions can help you decide which plan is best for you.

- Do you frequently go to the doctor or need ongoing medical treatments?
- Are you willing to pay more for a higher level of coverage?
- Are you more comfortable paying higher monthly premiums and lower cost share when you see a doctor or receive care?

View our 2026 New Hampshire plans to see what plans we offer.

	Bronze HMO plans	Silver HMO plans	Gold HMO plans
May be best if you:	Are healthy and do not expect to use services	Are eligible for a subsidy and want strong coverage value	Are willing to pay for richer benefits
Monthly premium	\$	\$\$	\$\$\$
Deductible range (individual)	\$\$\$	\$\$	\$

To help expand access to affordable health insurance, subsidies are offered on [HealthCare.gov](#) to eligible individuals. When you fill out your application at [HealthCare.gov](#), you will find out if you qualify for a subsidy. If you qualify, you should purchase a plan through the marketplace.

## Advance Premium Tax Credit (APTC)

The American Rescue Plan Act has revised eligibility for the APTC. To find out if you are eligible for APTC please contact [HealthCare.gov](#). You can take this credit in advance to lower your monthly health insurance payment (or premium). When you apply for coverage on the Marketplace, you estimate your expected income for the year. If you qualify for the APTC based on your estimate, you can use any amount of the credit in advance to lower your premium. The APTC can be applied to any Gold, Silver or Bronze plan offered through [HealthCare.gov](#).

## Cost Sharing Reduction (CSR)

This discount lowers the amount you pay when you receive medical services, such as deductibles, copayments and coinsurance. If your income is up to 250% of the federal poverty level, you can purchase a Silver-level CSR plan with lower out-of-pocket costs.

# Key Terms

## Coinsurance

This is a fixed percentage of costs that you pay for covered services. For example, if you have a plan with coinsurance, you may have to pay 20% of a provider's bill for your care, while Harvard Pilgrim pays 80%. Coinsurance is usually something you pay after you have paid an annual deductible.

## Copayments

A fixed dollar amount that you pay for a covered medical service, prescription or medication.

## Cost-sharing

Your out-of-pocket costs for services included within your health plan including copayments, deductibles and coinsurance.

## Deductible

The amount you owe or pay out-of-pocket during a coverage period (usually one year) for covered health care services before your plan begins to pay.

## Embedded and Non-Embedded Deductible

**Embedded Deductible** refers to a family plan that has two components, an individual deductible and a family deductible. The maximum contribution by an individual toward the family deductible is limited to the individual deductible amount and allows for the individual to receive benefits before the family deductible is met. When any number of members collectively meet the family deductible, services for the entire family are covered for the remainder of the year. **Non-Embedded Deductible** refers to family plans where there is only a family component that must be reached, either by an individual member or the family collectively, to receive benefits.

## In-Network

HMO members only have access to in-network providers, unless out of network care is prior approved or you have a medical emergency. Generally, this describes coverage for care that POS and PPO members receive from participating providers in the Harvard Pilgrim network. In-network coverage typically costs less than out-of-network coverage.

## Out-of-Network

Out-of-network coverage applies only to POS and PPO plans. Harvard Pilgrim will cover care that POS and PPO members receive from non-participating providers, but it usually costs more than in-network coverage.

## Out-of-Pocket Maximum

This is a limit on the total amount of cost-sharing you have to pay annually for covered services. This generally includes copayments, coinsurance and deductibles. After you meet your out-of-pocket maximum, Harvard Pilgrim will pay all additional covered health care costs.

## Premium

This is the monthly cost of your health insurance coverage.

## Prior Authorization (PA)

The need for your provider to tell us why it is medically necessary for you to receive a covered medication or service. Harvard Pilgrim must approve services subject to prior authorization in advance for the service to be covered.

## Tier

Medical plans often place providers and hospitals in different categories, or tiers, with different cost-sharing amounts. Typically, you'll save money when you see Tier 1 providers.

# Important Information About Your Plan

The following information refers to plans offered by Harvard Pilgrim Health Care and its affiliates ("Harvard Pilgrim").

## When You Need Care

If your doctor admits you to a hospital for a test, surgery or other procedure, including admission for surgical day care, hospital representatives are responsible for notifying Harvard Pilgrim on your behalf. There are a few procedures that require Harvard Pilgrim's authorization, and your doctor is aware of the procedures they must discuss with us before they take place.

To find out where our participating doctors admit patients, visit our online directory at [harvardpilgrim.org/member/login](https://harvardpilgrim.org/member/login). Or you can call one of the phone numbers at the end of this document to have one of our representatives assist you.

Harvard Pilgrim requires prior authorization (prospective review of medical necessity and clinical appropriateness) for selected medications, procedures, services and items. The prior authorization process is used to verify member eligibility and facilitate the appropriate utilization of these elective, non-urgent services. Visit [harvardpilgrim.org/member/login](https://harvardpilgrim.org/member/login) to see Prior Authorization for Care details.

When you're in the hospital, Harvard Pilgrim's nurse care managers are available to work with your doctors and other providers to ensure that you receive the care you need, subject to member residency and provider licensure. They may evaluate the quality and appropriateness of the services you receive, and when you no longer need hospital care, will work with your medical team to coordinate the services you need in an appropriate clinical setting (e.g., at home, or in a skilled nursing or rehabilitation facility).

In situations where Harvard Pilgrim was not notified of services (e.g., when a member was unable to give insurance information to providers), a post-service review may be completed to evaluate proper use of services or to identify quality of care issues.

## Appeals

You may file a complaint about a coverage decision or appeal that decision with Harvard Pilgrim. For details, see your Benefit Handbook.

To access your Benefit Handbook online, log into your secure online account on [harvardpilgrim.org/member/login](https://harvardpilgrim.org/member/login), click on More Tasks from your Member Dashboard and select View My Plan Documents under Documents. Harvard Pilgrim values individuals' privacy rights and is committed to safeguarding protected health information (PHI) and personal information (PI). To support this commitment, Harvard Pilgrim has established a number of Privacy and Security policies, including those describing the administration of its privacy and security programs, requirements for staff training, and permitted uses and disclosures of PHI and PI. We may collect, use and disclose financial and medical information about you when doing business with you or with others. # Footnotes

- 1 Some features are website features integrated into the mobile app: change PCP, ID Card, Other Documents, Plan Documents. Other features while offered on the website, function differently on the mobile app: claims, eligibility and deductible tracker, and provider search.
- 2 Estimating costs feature is not available on the mobile app.
- 3 All NH individual plans are HMO and require a PCP. Members cannot choose to get care outside of the network (except when prior approved by HPHC, or for emergency care).
- 4 Prices are generated by Harvard Pilgrim and its vendor, mPulse. They are personalized estimates and may not reflect the actual total price. The estimates are based on the details of your Harvard Pilgrim plan as of today. If there is not enough cost information available for your specific plan, the pricing you see will be based on the experience of a wider range of Harvard Pilgrim plans. In these cases, the amount shown may be less accurate than a cost estimate based on your specific plan. Also, the actual cost may differ if you receive additional services, your coverage changes, or the provider bills the service differently. It's important to note that you should not rely only on this or any other price estimate to make your health care purchasing decisions. **Please note** that some services may require a referral from your primary care provider or prior authorization before you receive the service. Member cost sharing may apply. Members should refer to their plan documents for specific details regarding their coverage and benefits.
- 5 Ranges are based on Harvard Pilgrim's data, actual service prices vary by provider type and location. The figures represent 1Q2024.
- 6 Cash rewards comes in an e-gift card format that is emailed directly to the member. Rewards are offered on services that meet minimum savings threshold. Rewards are considered taxable income; please consult with your tax advisor. Rewards vary based on plan and state.
- 7 Your health plan may require a referral and/or prior authorization before you receive services. To ensure the services will be covered, please refer to your plan documents or contact Harvard Pilgrim at **877-907-4742**.
- 8 In case of emergency, please call **911** or visit the nearest emergency department. Doctor On Demand virtual care services are available to Harvard Pilgrim Commercial members. Member cost sharing may apply. Members should refer to their plan documents for specific details regarding their coverage and benefits.
- 9 This excludes U.S. territories (Puerto Rico, Guam, U.S. Virgin Islands).
- 10 Doctor On Demand physicians do not prescribe Schedule I-IV DEA controlled substances and may elect not to treat or prescribe other medications based on what is clinically appropriate.

- 11 The Healthy Weight program is available to eligible fully insured members (group and individual commercial plans). For self-insured accounts, program eligibility and benefits may vary by employer, plan and state. An annual medical claim for nutritional counseling services will be submitted by the Healthy Weight program for engagement in the program. Under federal and state law, many preventive services and tests are covered with no member cost sharing; please see the Preventive Services Notice at [harvardpilgrim.org/member/login](https://www.harvardpilgrim.org/member/login) for a complete list of preventive services. Your engagement in the Healthy Weight program with registered dietitian coaches is designated as preventive services.
