HARVARD PILGRIM HEALTH CARE FOUNDATION GIVES MORE THAN \$3 MILLION FOR COVID-19 RELIEF EFFORTS

(Wellesley, MA) – Harvard Pilgrim Health Care Foundation today announced it will give more than \$3 million for COVID-19 relief efforts by supporting community and nonprofit organizations in Conn., Maine, Mass. and N.H.

“In this time of uncertainty and rapidly changing dynamics, it’s incredibly important that we provide support for our members and the medical community, as well as financial support to organizations that are assisting our neighbors in need,” said Michael Carson, president and CEO of Harvard Pilgrim Health Care. “This is our initial community funding support to meet the immediate needs individuals and small businesses are facing in our communities. As this unprecedented pandemic continues, we are committed to further reinforcing community efforts across the region in addition to caring for our members and supporting our providers. On behalf of my colleagues at Harvard Pilgrim, I would like to express our heartfelt gratitude to all the medical personnel who are working tirelessly on the frontlines of this pandemic.”

As part of its initial \$3 million distribution of funds, Harvard Pilgrim Health Care Foundation has committed dedicated resources to community-focused initiatives including the engagement of select restaurants throughout the region to provide and deliver take-out meals to families in need and helping to put people back to work. Additionally, these resources will assist communities in facilitating access to COVID-19 testing. Details will be shared on these initiatives in the near future.

The Foundation will continue to work closely with nonprofit organizations, community leaders and government stakeholders to support their efforts in addressing the COVID-19 crisis.

Harvard Pilgrim Foundation’s support includes:

- **COVID-19 Assistance Fund.** Two expedited grant programs, totaling \$1.5 million. A total of \$500,000 will be awarded to local nonprofit organizations that assist older adults in Mass., Maine and New Hampshire impacted by COVID-19. A total of \$1 million will be awarded to local nonprofit community service organizations helping people respond to the impact of COVID-19 in Conn., Mass.,

Maine and New Hampshire. Grants are available up to \$10,000 each. Organizations can review grant guidelines when they create an account at the following links:
